

2019 Annual
Conference
on Genetics

Vienna
Austria

June 29, 2019

Sponsored by the
Archives of Applied
Medicine

Aims & Scope

The 2019 Annual Conference on Genetics will be on Saturday June 29, 2019 at the Messe Wien Exhibition & Congress Center in Vienna Austria. By bringing together leading academics and researchers, the conference aims to facilitate the exchange of ideas and experiences within the field of genetics. The conference will include presentations on a variety of topics, with an emphasis on the following:

- Gene Therapy
- CRISPR
- Biomarkers
- Hereditary Diseases
- Genetic Testing
- Ethical Issues in Genetics

Scientific Program

Featured Presentations

- Reciprocal Glucocorticoid and Androgen Steroid Receptors alterations in salivary gland Duct Carcinoma: Biological and therapeutic implications – Adel K. El-Naggar, The University of Texas MD Anderson Cancer Center
- Persistence of selfish DNA elements by hitchhiking on host chromosomes – Makkuni Jayaram, The University of Texas at Austin
- Genetic Testing: Ethical, Legal, and Social Issues
- Emerging blood-based protein biomarkers: Early diagnosis of breast cancer
- Clinical Applications of CRISPR/Cas9

A complete scientific program will be available by February 2, 2019.

Call for Contributions

Abstract submission deadline: January 31, 2019

Prospective authors and presenters are encouraged to register by January 31st. There is no additional cost associated with registering as a presenter or submitting an abstract.

To submit an abstract, first register as an attendee on the conference website, and then go to

https://www.cognitoforms.com/KEI7/_2019AnnualConferenceOnGeneticsPresenterRegistration to submit your abstract.

Conference Proceedings

The conference proceedings will be published in a special issue of the Archives of Applied Medicine, which is sponsoring the conference. The title of the issue will be “Genetics: Diseases, Therapy, and Research.”

All attendees of the conference will receive an electronic copy of the conference proceedings free of charge. Print copies are available for a fee.

The special issue will be released on July 30, 2019.

Why Attend?

Attending the 2019 Annual Conference on Genetics is the best way to stay informed of the newest research and discoveries in the field. It is a platform for scholars, researchers, professionals and students to share recent developments in their field. It is also an excellent place for networking and sharing work with colleagues.

All attendees will receive:

- A welcome pack with an overview of the research being presented
- A certificate of attendance
- A copy of the conference proceedings
- A 20% discount for future conferences

Important Dates

- Early Registration Deadline: January 18, 2019
- Abstracts/Full-Text Paper Submission Deadline: March 15, 2019
- Final Registration Deadline: May 31, 2019
- Conference Date: June 29, 2019

Registration

Fees

Student - Early Registration	\$359.00 (USD)
Academic - Early Registration	\$569.00 (USD)
Student	\$429.00 (USD)
Academic	\$619.00 (USD)
Business	\$760.00 (USD)

A detailed schedule and welcome pack will be sent at least one month prior to the conference to all who have registered.

To register, go to
<https://medconferences.eventsmart.com/events/annual-genetics-conference/>

Venue

Address: Messeplatz 1, Vienna, Austria

Messe Wien Exhibition & Congress Center is centrally located, yet close to Vienna's famous Prater park and around the corner from the campus of the new Vienna University of Economics and Business, the Sigmund Freud Private University and the modern, green "Viertel Zwei" business and residential area.
